1.1 Purpose of Solicitation for Offers

The Property Acquisition and Disposition Division (“PADD”) of the Department of Housing and Community Development (“DHCD”) acquires and disposes of vacant and abandoned property. PADD has three main functions:

- Encourage property owners to rehabilitate and/or occupy their vacant residential property;
- Acquire vacant, abandoned and deteriorated properties through negotiated friendly sale, eminent domain, donation or tax sale foreclosure when owners are unwilling or unable to maintain their properties; and
- Dispose of properties in the PADD inventory by selling the properties to individuals or developers to be rehabilitated into high quality affordable and market-rate housing or economic development opportunities in District of Columbia (“District”) neighborhoods.

Pursuant to Mayor’s Order 2007-209, dated September 27, 2007, the Mayor of the District of Columbia delegated his authority under the Abatement and Condemnation of Nuisance Properties Omnibus Amendment Act of 2000, as amended, the Vacant and Abandoned Properties Community Development and Disapproval of Disposition of Certain Scattered Vacant and Abandoned Properties Act of 2002, as amended, the Homestead Preservation Act of 1986 and certain portions of the Tax Clarity Act of 2000, as amended to DHCD for the purpose of addressing blight, crime and neighborhood instability caused by vacant, abandoned and deteriorated properties in the District by allowing DHCD to acquire and dispose of such properties for redevelopment.

For this Solicitation for Offers, PADD seeks to develop the following vacant lots 0075, 0152, 0151, 0149, 0150, 0806 and 0825 in Square 00615 and the building on the site at 10 Q Street, Lot 0148 in Square 00615, all located at the intersection of Florida Ave and Q Street, NW. 2.2 Ownership and Property Conditions

The Development Site is owned by the District. The site will be conveyed at fair market value, based upon an appraisal performed by the District, to the selected offeror(s) for the purposes of developing the site into a residential mixed-use project. The District shall convey the Development Site pursuant to the terms of a Property Disposition Agreement in the form attached hereto as Exhibit A.
(“PDA”), and the developer shall take title to the Development site “as-is” condition, without any representations or warranties.

The District makes no representations regarding the character of soil or subsurface conditions or the existence, location or condition of any utilities which may serve the Development Site or any Property within such Development Site. The zoning information listed herein is for informational purposes only. PADD makes no representation as to the accuracy of any zoning information. Upon execution of the Right of Entry Agreement, each developer will be provided an opportunity to view the property during the solicitation period. Each developer is strongly encouraged to conduct its own research and should draw its own conclusions concerning the conditions that may affect the methods or cost of development. Developers shall be responsible for all pre-development expenses incurred to assess the conditions of the Property.

2.3 Comprehensive Plan

The property is located in an area designated on the Comprehensive Plan Future Land Use Map for moderate density residential development and, for the portion proximate to Florida Avenue NW, mixed low density commercial / moderate density residential development. The entire site is designated on the Generalized Policy Map as being within a Main Street Mixed Use Corridor. The site is within the Comprehensive Plan Near Northwest Planning Area. The Comprehensive Plan is available on the DC Office of Planning website (www.planning.dc.gov).

2.4 Small Area Plan

The property is located within the Mid City East Small Area Plan boundary. The small area plan recommends the following:

MCE 3.1 - Pursue a future land use designation change on the west side of North Capitol Street at New York Avenue and North Capitol and Florida Avenue NE, from low density commercial/moderate density residential to moderate density commercial/medium density residential to encourage mixed-use development and create a thriving neighborhood edge with a welcoming physical environment.

MCE 3.3 - When development is achieved through a PUD process, redevelopment of vacant and underutilized properties at the four corners of the intersection of Florida Avenue and North Capitol Street within Mid City East should incorporate ground floor commercial uses with entrances facing sidewalks along or proximate to North Capitol.
MCE 3.6 - Solicit proposals to redevelop properties controlled by the District into creative mixed-use residential or commercial developments. * BE1.1, BE2.3, NA2.1, NA 2.2, NA2.4, WT2.2, NA3.5

The DHCD parcels on the south side of Florida Avenue at Q Street NW – Pursue a land use designation change from Moderate Density Residential/ Low Density Commercial to Medium Density Residential/Moderate Density Commercial in an effort to encourage site redevelopment.

For further details go to http://planning.dc.gov/DC/Planning/In+Your+Neighborhood/Wards/Ward+5/Small+Area+Plans+&+Studies/Mid+City+East+Small+Area+Plan+Main+Page

2.5 Zoning

The site is split zoned – lots 806 and 825 are zoned R-4, while the remainder of the lots are zoned C-2-A. R-4 is a low to moderate density residential zone which permits single family, duplex, rowhouse, and flat (2 residential units) development by right, but does not permit new multi-family development. C-2-A is a low to moderate density mixed use zone which allows residential multi-family and limited commercial development.

Preference will be given to developers who submit Offers for Projects that may be constructed as a matter of right over those which require regulatory relief. Developers should review all applicable District zoning regulations while preparing their Offers. Please refer to Title 11 of the District of Columbia Municipal Regulations ("DCMR") for a complete list of zoning provisions and requirements. Developers may elect to develop the Development Site and Properties to conform to the existing zoning designation or to apply for a Planned Unit Development (PUD), a zoning variance, or special exception, which may include a request to extend the C-2-A zoning to the R-4 zoned portion of the site. Developers will be responsible for all costs associated with obtaining any zoning relief or change. A developer should detail its zoning strategy and present an estimated schedule that fully describes each step in the approval process necessary for the entitlements assumed in the Offer.

The zoning regulations are available on the Office of Zoning (OZ) website (www.dcoz.dc.gov). Information on any proposed changes to the zoning is also on the OZ website, or may also be obtained from the District’s Office of Planning (http://planning.dc.gov/planning). This website may also contain city and
neighborhood revitalization plans relevant to this Solicitation. All proposals must be consistent with the appropriate plans. Developers must demonstrate this consistency, through narrative and by using relevant land use maps.

2.6 Historic Preservation

The parcel found in this Solicitation is not located within a Historic District. All relevant regulations must be followed if the site or any buildings on the site are landmarked or deemed to be eligible for landmarking as a historic resource, or if it is determined that archaeological work is required to be completed prior to any site disturbance. The development plan and budgets should note any associated cost items. Maps, regulations and other information on District historic districts are at http://planning.dc.gov/DC/Planning/Historic+Preservation.

3 Selection Criteria

3.1 Development Plan

Developers are required to submit a development plan that provides a narrative description of the proposed development project for the Development Site or individual Properties. The development plan must be consistent with the agency goals and development vision described in Sections 1.3 and 1.4, and should also incorporate elements that demonstrate the Developer’s own vision for the site. At a minimum, development plans must address land use and ownership, zoning, green building, historic preservation, pricing and financing, community benefits, and developer qualifications.

Detailed guidelines and parameters for each of these items are described throughout Section 3.

3.1.1 Land Use and Ownership Model

In addition to the above, please provide the following information described below for rehabilitation and restoration work, additions to historic properties, and new construction projects:

- Provide conceptual facades, floor plans showing the location of all commercial units. Site plans should show the relationship between the proposed structure and the structures on the immediately adjacent lots with consideration to existing setbacks and other zoning requirements. Please identify all zoning relief required if proposing something other than a matter of right project;
- Describe the amenities and rent structure;
- Address exterior design issues and parking; and
- Provide a detailed description of the scope of work.

The affordability period for homeownership is fifteen years (15) and forty years (40) for rental projects. 3.2.2 Developer shall demonstrate that all affordable Units to be developed are affordable to persons with incomes at or below 80% of AMI.

3.2.3 Preference will be given to Developers with Offers that exceed the minimum required percentages of affordable Units in their Project.
3.2.4 Preference will also be given to Developers that create affordable housing opportunities for homebuyers or renters with incomes at or below 60% of AMI.

The District’s IZ program requires new residential development projects of ten or more units, and rehabilitation projects that are expanding an existing building by 50 percent or more and adding ten or more units to set-aside a percentage of the residential floor area for affordable units. 3.2.5 Pursuant to the Affordability Covenant, affordable homeownership Units must be both income and price restricted. In accordance with the Affordability Covenant, the Developer shall set an initial maximum sales price based on the following assumptions: (i) a 5% down payment with an additional 5% equity payment at closing; and (ii) a monthly housing payment of principal, interest, taxes, insurance and condominium fees, if applicable, not exceeding 30% of the maximum allowable monthly gross income, based on the applicable AMI range of a prospective homebuyer, assuming a ninety (90%) percent loan-to-value ratio, thirty (30) years fully amortizing mortgage, with a minimum ten (10) year term, at a then market rate of interest. Please refer to the Developer’s Kit attached hereto as Exhibit F for additional guidance.

3.4.1 Offers should propose a total Development Site offer price (the “Offer Price”) with the greatest economic benefit to the District. The Offer Price should be assumed to be equal to the fair market value of the Properties comprising the Development Site, reduced, if necessary, by the amount necessary to make the proposed Project economically feasible. Should the Developer propose a reduced price, a detailed explanation for the requested reduction must be provided. Please note, in accordance with the Property Disposition Agreement (“PDA”), the Developer is required to provide the District with an initial deposit of at least ten percent (10%) of the assessed value at the time of a fully executed PDA, and a Performance Letter of Credit (as defined in Section 4.5 herein) at closing on the Development Site.

This is based on the initial commercial rental rates and the total development costs or the rents over the period of holding, expenses, and assumed capitalization rate.

3.4.3 Each offer shall contain a statement of proposed financing, which should include development cost budget, amount and sources of debt and equity financing. Developers should provide documentation for funding commitments, and their Offers should evidence a significant amount of “at risk” capital during the pre-development and development process. The Developer should include documentation of all financing and/or investment commitments, terms and covenants, as well as the availability of said funds. The Developer shall not include funds from
the District operating or capital budget (unless appropriated for such purpose on a multi-year basis) or unidentified Federal funding in its funding plan.

3.5 **Community Benefits**

The District is committed to maximizing community benefits for its residents. In view of this commitment, Offerors must present:

- Their overall concept and vision for the Site and how the vision will integrate with and enhance the surrounding neighborhood;

- An approach that ensures the meaningful involvement in the development process by stakeholders and members of the local community who might be affected by the Offeror’s proposed development; and

Any such conduct shall be deemed a violation of this Solicitation. As used herein, "anything of value" shall include but not be limited to any (a) favors, such as meals, entertainment, transportation (other than that contemplated by this Solicitation, if any, or any other contract with the District), etc., which might tend to obligate a District employee to developer, or (b) gift, gratuity, money, goods, equipment, services, lodging, discounts not available to the general public, offers or promises of employment, loans or the cancellation thereof, preferential treatment or business opportunity. 3.6.6 Developer’s Kit

NOTE: DEVELOPER’S KIT NOT REQUIRED IF APPLYING FOR DFD FUNDING

A sample of each of the required evaluation spreadsheet is available in Exhibit F.
**Government of the District of Columbia**

**Note:** This tool kit is included for the sole purpose of serving as a model for putting together your proposal to the solicitation. Please modify the spreadsheets as needed to fit your proposal.

A. **Property Identification Spreadsheet – Form #1**

*For a Development Site with multiple units, list each unit separately designated as “a”, “b” etc. For example, three units developed on “Development Site #2” would be identified as unit 2A, 2B and 2C. Once a unit is listed under a Development Site identification number, use the same number throughout the proposal.*

This spreadsheet should also be used to identify which units are affordable, designated income levels, projected sales price / initial rents housing type (single family detached, semi-detached, row house or multifamily) as well as the ownership type (rental, homeownership, condo, co-op).

B. **Affordability Spreadsheet – Form #2**

C. **Development Timeline Spreadsheet – Form #3**

Please identify the projected month and year in which the following will occur: (1) permits obtained, and (2) closing on construction financing (3) finishing construction and and (4) marketing to the initial tenants and buyers. The timeline should take into account, where applicable, any board of zoning adjustments action required. PADD requires that whenever feasible, affordable units must be constructed prior to constructing market rate units.

D. **Sources and Uses Spreadsheet – Form #4**

This spreadsheet is to be used to list project assumptions, sources and terms of funds available. A project budget is also included to document the uses.

E. **Rental Operating Proforma – Form #5** – Use as a guide

This form must be used if the developer proposes developing rental units. This form documents the net operating income and the developer’s ability to pay for the Development site.

**Note:** A developer may submit their own pro forma model, so long as it includes at least the minimum information provided as applicable in Forms #5 and #6.
F. Land Residual Spreadsheet – Form #6 – Use as a guide
   This spreadsheet is a summary of the overall project budget and documents the developer’s ability to pay for the Development Site. Under certain limited circumstances, developers may be able to request a change in the initial sales price for the market rate units following the award of a Development Site. In these instances, if the revised Land Residual Spreadsheet shows an increase in the land residual, the District shall be entitled to fifty percent (50%) of the increase in the land residual at the time of sale if the developer receives prior written approval for a revised initial sales price. PADD will exempt any property bought at the fair market value from any sharing of future increased profits or land residual.

   After the award of properties, PADD will not approve sales price increases for any affordable units, unless the AMI has been adjusted during the period of the solicitation submission and review.

   Note: A developer may submit their own pro forma model, so long as it includes at a minimum the information provided as applicable in Forms #5 and #6.

G. PADD Residential Design & Performance Standards – Form #7
   Please identify the level of finish, equipment, appliances, and products to be used in the development.

H. Summary of Projects – Form #8
   Provide details of projects currently under construction, including original and estimated start dates, estimated completion date, project scope, and estimated cost.

I. Checklist to satisfy Green Communities Criteria, 2011 – Form #9A (if applicable)
   A guide to complete the checklist is attached in the Developer’s Kit. For more information, please go to www.greencommunitiesonline.org.

J. Green Development Plan, – Form #9B (if applicable)
   This form must be used to document the design charrette. For more information, please go to www.greencommunitiesonline.org.
Note: Offerors must provide evidence of compliance with the District of Columbia’s Green Building Act of 2006, as well as any LEED certification requirements for the construction, rehabilitation, or renovation of District public assets, as applicable.

3.7.1 Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135. 3.7.2 All Section 3 covered contracts must include the following clause in its entirety:

3.7.2.1 The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted project covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low- income persons, particularly persons who are recipients of HUD assistance for housing.

As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

3.7.2.3 The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers’ representative of the contractor’s commitments under this
Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment practices can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

3.7.2.4 The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

3.7.2.5 The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected, but before the contract is executed, and (2) with persons other than those to whom the regulation of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor’s obligations under 24 CFR part 135.

3.7.2 Noncompliance with HUD’s regulations in 24 CFR part 135 may result in sanctions, default under the Loan Documents, and debarment or suspension from future HUD-assisted contracts.

3.7.3 The First Source Program which requires that contractors and subcontractors of a government-assisted project totaling $100,000 or more comply with the District’s goals for the recruitment, referral and placement of D.C. residents. See D.C. Law 5-93, as amended, D.C. Official Code 2-219.01 et seq.

4.2.2 While the District, through PADD, may enter into negotiations with one or more developers based on offers submitted in response to this Solicitation, this Solicitation does not commit PADD or the District to select any developer or to enter into negotiations with any developers that may respond. The District reserves the right to reject any Offer it deems incomplete or unresponsive to the submission requirements, to amend this Solicitation or to reject all Offers and re-issue a Solicitation at a later date at its sole discretion.

4.2.3 After review of one or more Offers, the District may request submission of additional information from some or all of the developers, within the District’s sole discretion.

4.2.4 Team members may participate in submissions from more than one developer. If a developer wishes to change the composition of the proposed development team at any time in the selection process after it has submitted its offer to the District, the developer must notify the District in writing. The District reserves the right to evaluate the proposed change to the development team and eliminate the developer from further consideration. The District will require similar notification and approval rights of any change to the development team following the award.

4.3 Selection Process and Evaluation Team

- PADD will determine in its sole discretion whether each Offer received in response to this Solicitation is complete according to the guidelines set forth herein (a “Responsive Offer”). Any developer that submits an incomplete and unresponsive Offer will be notified by PADD in writing after the submission deadline. The decision of PADD in this regard is final and will be explained to the developer upon request.

- A selection panel selected by PADD will be established to review and evaluate the Responsive Offers and to select one or more of the Responsive Offers.

- The selection panel will evaluate each Responsive Offer based on the information requested in this Solicitation. The selection panel may in
its sole discretion request that one or more developers modify their Offers, provide additional information or provide a “best and final offer” for the selection panel’s review.

- Once the selection panel has selected the winning developer(s), it will inform PADD and the Director of DHCD of its recommendations. Once the Director has approved the decision of the selection panel, PADD will notify the selected developer(s).

- Any selected developer that elects to withdraw an accepted Offer will be precluded from responding to and applying for any DHCD requests for proposals and/or solicitations for a period of one (1) year. Such penalty period shall run one (1) year from the date of withdrawal.

Long term financial sustainability of the project is likely. Letters of commitment or interest from all financial sources expected to participate are included.

Median requirements for Capacity of Development and Management Team are: Most development team members demonstrate a successful track record in projects of similar size, scale, type and complexity to the proposed project. There is no more than one critical capacity gap which the development team is in the process of filling.

4.6 Award

- Following receipt of notification from the District of the selection, the selected Offeror shall execute another right of entry agreement with the District to allow the selected Offeror to begin due diligence and site studies.

- The District, through DHCD, and the selected Offeror shall execute a conditional property disposition agreement (“PDA”) which shall incorporate the requirements contained in the Solicitation, the minimum term sheet, and such other terms as may be required by DHCD or may be agreed upon by DHCD and the selected Offeror. The sole condition of the PDA shall be the satisfaction of a public hearing requirement on the award which shall take place within approximately forty five (45) days after the execution of the conditional PDA. After the public hearing is held and the CBE and First Source requirements are met, the conditional PDA shall no longer be conditional and shall be in full force and effect.

- If DHCD and the selected Offeror are unable to execute a conditional PDA within seven (21) business days after Offerors receipt of notification
of selection, DHCD, in its sole and absolute discretion, may terminate negotiations and select a different Offeror from among the Offerors who submitted offers to the Solicitation, or reissue this Solicitation or take such other measures as it deems reasonable or appropriate.

- If DHCD terminates negotiations, DHCD shall be entitled to pursue any and all legal and equitable remedies available.

- At Closing, developer shall deliver to District a deposit to secure developer’s performance of developer’s obligations under the Construction Covenant in the form attached to the PDA (the “Performance Bond”). The Performance Bond can be in the form of: (a) a letter of credit from a reputable bank, in the amount of one hundred percent (100%) of the cost of the Improvements as shown on the Project Budget, or (b) a payment and performance bond from a reputable surety company and such bond shall be: (i) in an amount that is one hundred percent (100%) of the cost of the Improvements as shown on the Project Budget, (ii) be issued by an entity satisfactory to the District, (iii) be in form and substance satisfactory to the District, and (iv) name the District as an obligee, or (c) a cash reserve in the amount of twenty percent (20)% of the cost of the Improvements as shown on the Project Budget to be held in escrow by a title company chosen by the District, to secure the developer’s performance of its obligations under the Construction Covenant. The District shall also require that an affiliate of the developer, approved by the District, execute a Development and Completion Guaranty in the form attached to the PDA guaranteeing the completion of the Project in accordance with the Construction Covenant.

- A developer shall be expected to close on a Development Site no later than forty-five (45) days after the satisfaction of the public hearing condition pursuant to the PDA. Closing for the Property shall occur only after all the zoning approvals and building permits have been obtained.

- The developer shall be expected to complete construction within 24 months of closing on the acquisition of the Property or Development Site, unless special circumstances such as the Board of Zoning Adjustment (“BZA”) requirements dictate a longer period.
5 Reservation of Rights and Miscellaneous Provisions

5.1 District Reservations

The District reserves the right to:

- Cancel or withdraw the Solicitation prior to or after the submission deadline;
- Modify or issue clarifications to the Solicitation prior to the submission deadline;
- Reject any submission it deems incomplete or unresponsive to the submission requirements;
- Consider a submission that is incomplete or unresponsive to the submission requirements;
- Reject all submissions that are submitted under the Solicitation for any reason; and,
- Modify the deadline for submissions or other actions.

The District may exercise one or more of these rights, in its sole discretion, as it may deem necessary, appropriate, or beneficial to the District.

5.2 Notice of Modifications

The District shall post on its website (http://dhcd.dc.gov) notices or information regarding cancellations, withdrawals, modifications to deadlines, and other modifications to this Solicitation. Developers shall have an obligation to check the website for any such notices and information and the District shall have no duty to provide direct notice to developers.

5.3 Changes in Developer Information

If information provided in a submission changes (e.g., change or addition to any of the developer’s team members or new financial information), the developer shall provide updated information in the same format for the appropriate section of the Solicitation and the District may consider the modified submission. Developer may not change the composition of its team at any time without the District’s prior written approval, in its sole discretion, provided; however, that nothing shall prohibit short-listed developer teams from (i) adding new CBE parties to their teams or (ii) increasing the level of CBE equity participation on their teams.

5.4 Ownership and Use of Offers
All Offers shall be the property of the District. The District may use any and all ideas in any Offer, whether the Offer is selected or rejected.

5.5 Restricted Communications

Upon release of this Solicitation and until selection of a developer, developers shall not communicate with PADD staff about the Solicitation or issues related to the Solicitation except as authorized in this Solicitation.

5.6 Non-Binding

The selection by the District of a developer indicates only an intent by the District to negotiate with the developer and the selection does not (i) constitute a commitment by the District to execute any agreement with the developer or (ii) confer onto developer any property right, interest or expectancy.

5.7 Confidentiality

5.7.1 Offers and all other information submitted in response to this Solicitation are subject to the District’s Freedom of Information Act (“FOIA”) under D.C. Code § 2-531 et seq., (2008 Supp.), which generally mandates the disclosure of documents in the possession of the District upon the request of any person, unless the content of the document falls within a specific exemption category. Section 2-534 of the D.C. Code states that information may be exempt from disclosure, if it is “trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would result in substantial harm to the competitive position of the person from whom the information was obtained.”

5.7.2 If a developer provides information that it believes is exempt from mandatory disclosure under FOIA, the developer shall include the following legend on the title page of the submission:

"THIS PROPOSAL CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT’S FREEDOM OF INFORMATION ACT (“FOIA”)."
In addition, on each page that contains information that the developer believes is exempt from mandatory disclosure under FOIA, the developer shall include the following separate legend:

**THIS PAGE CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT (“FOIA”).**

On each such page, the developer shall also specify the exempt information and shall state the exemption category within which it believes the information falls.

PADD has the right to independently determine whether the information designated by the developer is exempt from mandatory disclosure, and shall comply with all applicable FOIA laws and court orders regarding the disclosure of any information that is determined not to be exempt. Moreover, exempt information may be disclosed by PADD, at its discretion, unless otherwise prohibited by law, and the District shall have no liability related to such disclosure.

5.8 Non-Liability

By participating in the Solicitation process, the developer agrees to hold the District, its officers, employees, agents, representatives, and consultants harmless from all claims, liabilities, and costs related to all aspects of this Solicitation, including but not limited to any costs of rezoning, site studies, appraisals, or surveys.

5.9 Other Limiting Conditions

- The Project is expected to “stand alone,” thus, the developer is prohibited from cross collateralizing and cross defaulting the project with any other assets. Moreover, the developer is prohibited from assigning, pledging, hypothecating or otherwise transferring its interest in the ownership of the Project in part, or in its entirety, without prior written District approval. Any additional debt shall require prior written District approval.

- Under no circumstances shall the District be liable for any real estate brokerage commissions, finder’s fees or other forms of compensation related in any way to activities undertaken by any person as a result of this Solicitation.
The District has the right to begin negotiations with the next preferred developer in the event that a PDA cannot be executed within the allotted period of negotiations with a prior selected developer. The District may terminate such negotiations if the developer introduces comments or changes to a PDA that are inconsistent with previously submitted offer materials.

The District fully expects and requires that the selected developer will not alter the proposed Project, including its proposed construction schedule and process. However, should certain deteriorating market conditions warrant a Project alteration, the District, in its sole discretion, may authorize such an alteration. As a general matter, the District will consider such alterations, if it believes such market conditions would impact all other developers that submitted offers in response to this Solicitation.

The District reserves the right to memorialize modifications to any proposal in a written agreement between the District and developer where such modifications arise in the course of best and final negotiations between the parties.

Developers are hereby advised that the District is subject to various laws, rules, policies and agreements that impose ethical constraints upon, among other situations: (i) current District employees and consultants with respect to developers (and members of their teams) on projects where such employee/consultant had “personal and substantial” participation or official responsibilities and (ii) current and former District employees and consultants with respect to post-employment restrictions.

Members of developers (whether corporate or individual) are prohibited from conducting any negotiations for employment or consulting agreements (or other forms of financial benefits) with any current District employees/consultants who are “personally and substantially” participating on this Project or from hiring any such employees/consultants, during the conduct of this competition.

Members of developers (whether corporate or individual) must disclose in their initial offers the names of employees (or consultants retained for this project) who, within the immediate past three years, were District employees/consultants. On a going forward basis, members of developers will be required to provide the District with notice of updates within five (5) days of any new hires/retained consultants.
• Failure to comply with either of these obligations may result, in the District’s sole discretion, in the disqualification by developer from the solicitation or rescission of a selection or agreement with the District.

• Developers must immediately disclose the existence of any employment discussions or consulting agreements with or hiring of current District employees that occur contrary to the prohibition in section 5.9.7. Notwithstanding such disclosure, the District reserves the right to disqualify or rescind award to a company whose member(s) section 5.9.7.
