1 Introduction

1.1 Purpose of Solicitation for Offers

The Property Acquisition and Disposition Division (“PADD”) of the Department of Housing and Community Development (“DHCD”) acquires and disposes of vacant and abandoned property. PADD has three main functions:

- Encourage property owners to rehabilitate and/or occupy their vacant residential property;
- Acquire vacant, abandoned and deteriorated properties through negotiated friendly sale, eminent domain, donation or tax sale foreclosure when owners are unwilling or unable to maintain their properties; and
- Dispose of properties in the PADD inventory by selling the properties to individuals or developers to be rehabilitated into high quality affordable and market-rate single-family and/or multifamily housing in District of Columbia (“District”) neighborhoods.

Pursuant to Mayor’s Order 2007-209, dated September 27, 2007, the Mayor of the District of Columbia delegated his authority under the Abatement and Condemnation of Nuisance Properties Omnibus Amendment Act of 2000, as amended, the Vacant and Abandoned Properties Community Development and Disapproval of Disposition of Certain Scattered Vacant and Abandoned Properties Act of 2002, as amended, the Homestead Preservation Act of 1986 and certain portions of the Tax Clarity Act of 2000, as amended to DHCD for the purpose of addressing blight, crime and neighborhood instability caused by vacant, abandoned and deteriorated properties in the District by allowing DHCD to acquire and dispose of such properties for redevelopment.

For this Solicitation for Offers, PADD seeks to develop the following vacant lot 0060 in Square 0394, located at the intersection of 8th Street and T Street, NW. DHCD anticipates that the redevelopment of this property will have a positive impact and continue the revitalization efforts that have begun in Shaw Neighborhood.

1.2 Development Opportunity

In this Solicitation for Offers (the “Solicitation”), PADD, under the authority of D.C. Official Code § 42-3171.03 (2009) (the “Code”), intends to dispose of certain property and seeks to develop the above mentioned parcel (a “Development Site”). PADD shall award the Development Site to a developer for the purpose of planning, financing, building and operating a project at the above site. (the “Project”). The mix of uses shall include mixed-income housing. Offerors are encouraged to design creative development programs that address the stated
preferences of the District and the community stakeholders. PADD is pleased to issue this Solicitation and invites developers to respond to this Solicitation with project proposals (an “Offer”).

PADD will evaluate all Offers according to the following selection criteria:

- Development Plan
- Affordability Component (if applicable)
- Pricing Proposal
- Community Benefits
- Executive Summary

Developers will be expected to participate in a transparent and collaborative process involving the District, PADD, and community stakeholders. Offers submitted in response to this Solicitation shall comply with the requirements set forth in Sections 4 and 5.

This disposition meets the Community Development Block Grant (CDBG) national objective of benefiting low and moderate-income persons.

1.3 Agency Goals

Based on prior experience, PADD has identified the following development standards and goals that contribute to successful projects. This list is not intended to be a substitute for the above selection criteria, but merely a guide for developers as they prepare their Offers. Successful proposals will incorporate the following:

- Mixed-income development;
- Vocational training, job creation for District residents, and opportunities for Certified Business Enterprises (“CBEs”);
- Excellent workmanlike construction, quality design and architecture that complements the existing architecture of the neighborhood;
- Adequate financing from pre-development of the project through final completion;
- Family style affordable dwelling units (2 or more bedrooms) which allow families to grow in place;
- A commitment to long-term or permanent affordability;*
- The residential rental, mixed income component should maximize affordability beyond the District’s Inclusionary Zoning requirements, provide a mixture of unit types and sizes across multiple AMI levels, and should be comparable to the market rate units in the proposal. Respondents will be given additional points or preference for maximizing affordability across multiple income levels. All affordable rent payments collected by the future property owner from the tenants or third parties on behalf of tenants may not
exceed, but may be lower than the rents on the Inclusionary Zoning Maximum Rent and Purchase Price Schedule (Exhibit H).

- Affordable units shall be disbursed throughout the Project and shall not be concentrated on any one floor or within a tier or section of the Project. All affordable units will have set terms of affordability to be agreed upon by the District and selected Respondent in the disposition agreement, and other agreements as applicable.
- Respondents shall describe the strategy for marketing, operation and administration of their affordable housing units. Partnering with an organization that has demonstrated expertise in the administration, operation and management of affordable housing is encouraged, if Respondent does not already have this expertise.
- Community outreach and development coordination;
- The creation of a model for sustainable development; and use of green materials, techniques and systems that meet the Green Building Act of 2006.

* For this Solicitation, PADD requires at least 30 years of affordability for homeownership and 40 years for rental housing.

2. Neighborhood Description

2.1 Shaw Neighborhood

Shaw is one of the oldest communities in the District and experienced significant growth during and immediately following the Civil War. A development boom expanded the District through the neighborhood up to Florida Avenue, then the District’s northern boundary. This development continued into the early 20th Century, as entertainment options (such as nightclubs, restaurants and theatres) came to grow in the northern portion of the commercial corridor. Seventh Street became the area’s new cultural and entertainment destination. Growth in the neighborhood continued until the April 1968 riots following the assassination of Dr. Martin Luther King, Jr., which devastated Shaw’s commercial corridor. Urban renewal efforts in the 1970s and 1980s resulted in the construction of public schools, churches, a public library, one major commercial facility and a supermarket.

Home to numerous historic sites, such as the Howard Theatre and Carter G. Woodson House, the neighborhood is also the location of the new $850 million Washington Convention Center and the City Museum of Washington, DC. Because of its historic building stock, proximity to Downtown, and outstanding transportation access, Shaw is attracting both local and national retailers. Several new developments offer new residences as well as exciting dining and entertainment options (such as ethnic restaurants, live theater, and music venues) to serve the diverse residents of the community. Shaw is rapidly becoming one of the DC’s hottest residential neighborhoods.

3.1 Ownership and Property Conditions

The Development Site is owned by the District. The site will be conveyed at fair market value, based upon an appraisal performed by the District, to the selected offeror(s) for the purposes of developing the site into a residential, and/or mixed-use project. The District shall convey the Development Site pursuant to the terms of a Property Disposition Agreement in the form attached hereto as Exhibit A ("PDA"), and the developer shall take title to the Development site "as-is" condition, without any representations or warranties.

The District makes no representations regarding the character of soil or subsurface conditions or the existence, location or condition of any utilities which may serve the Development Site or any Property within such Development Site. The zoning information listed
herein is for informational purposes only. PADD makes no representation as to the accuracy of any zoning information. Upon execution of the Right of Entry Agreement, each developer will be provided an opportunity to view the property during the solicitation period. Each developer is strongly encouraged to conduct its own research and should draw its own conclusions concerning the conditions that may affect the methods or cost of development. Developers shall be responsible for all pre-development expenses incurred to assess the conditions of the Property.

3.2 Zoning

Preference will be given to developers who submit Offers for Projects that may be constructed as a matter of right over those which require regulatory relief. Developers should review all applicable District zoning regulations while preparing their Offers. Please refer to Title 11 of the District of Columbia Municipal Regulations (“DCMR”) for a complete list of zoning provisions and requirements. Developers may elect to develop the Development Site and Properties to conform to the existing zoning designation or to apply for rezoning of the classification of the property, including a Planned Unit Development (PUD), a zoning variance, or special exception. Developers will be responsible for all costs associated with obtaining the required zoning, PUD, zoning variances or special exception. A developer should detail its zoning strategy and present an estimated schedule that fully describes each step in the approval process necessary for the entitlements assumed in the Offer.

Additional information regarding existing zoning and pending changes may be obtained from the District’s Office of Planning (http://planning.dc.gov/planning).

4. Submission Requirements

4.1 Development Plan

Residential - The narrative should describe the type of housing (single family detached, semi-detached, row house, multifamily condominium or co-op) proposed, along with the total number of for-sale or rental dwelling units and for-sale affordable dwelling units to be produced. Briefly describe the quality and grade of construction materials, equipment and finishes for each for-sale dwelling unit and include as an attached exhibit to the Offer. Identify and describe any plans for the demolition of an existing unit, if applicable. In addition to the above, please provide the following information described below for new construction projects.

Residential new construction:
Provide conceptual facades, floor plans showing the location of all housing units, but specifically identifying the affordable units and site plans as attached exhibits to the Offer. Site plans should show the relationship between the proposed new units and the structures on the immediately adjacent lots with consideration to existing setbacks and other zoning requirements. Please identify all zoning relief required if proposing something other than a matter of right project.

- Describe the amenities, number of bedrooms, baths, storage/closet, square footage, etc. All housing units must be at least 750 square feet.
- Address exterior design issues and parking.
- Provide a detailed description of the scope of work.

**Green Building Act**

In accordance with The Green Building Act of 2006 and the goals of DHCD, all proposals shall comply with the Green Communities Criteria, 2011.

**Residential Buildings:**

**Note:** Enterprise’s Green Communities Criteria 2011 requires 3rd party certifications. Registration with Enterprise should occur early in the design process and must occur before construction begins.

The following requirements will be enforced for residential building according to the 2011 Green Communities Standard.

- Documentation of the findings of the integrated design charrette which has been conducted prior to this submission to consider the most cost-effective ways to integrate required green design elements (*Exhibit F, Form # 9B and #9A*); and
- Submission of “Intended Method of Satisfying Green Communities Criteria” (*Exhibit F, Form #9A and #9B*) with an appropriate minimum score:
  - **New construction** - All mandatory criteria and a minimum of 35 points on optional criteria.
4.2 **Affordability**

- The developer shall demonstrate that 51% of all new units created shall be affordable to households with incomes at or below 80% of AMI, as defined below. Submissions must include a complete Exhibit F (Forms #2) for each unit type.

- “AMI”: means the area median income for a household in the “Washington Metropolitan Statistical Area” as set forth in the most current periodic calculation provided by the United States Department of Housing and Urban Development (“HUD”), adjusted for household size without regard to any adjustments made by HUD for the purposes of the programs it administers. Adjustments of AMI for household size shall be made in the same manner as is prescribed in section 2(1) of the Housing Production Trust Fund Act, effective March 16, 1989 (D.C. Law 7-202; D.C. Official Code § 42-2801(1)).

- “Affordable Housing” means units reserved for households at or below 80% of AMI.

- For this Solicitation, PADD requires a minimum affordability period of 30 years for homeownership and 40 years for rental housing. Affordability periods beyond the minimum affordability period is strongly encouraged.

- Preference will be given to developers with Offers that exceed the minimum required percentages of affordable units in their Project.

  - Pursuant to the Affordability Covenant, affordable units must be both income and price restricted for homeownership units. Initial sales prices may not exceed, but may be lower than the purchase prices on the Inclusionary Zoning Maximum Rent and Purchase Price Schedule (reference Exhibit H).

4.2.1 The distribution of Affordable Units shall be proportional to that of the Market-Rate Units (e.g., if the Market-Rate Units have a mix of 30% studios, 40% one-bedrooms, and 30% two-bedrooms, the Affordable Units
shall have a similar mix). In addition, developers are encouraged to be creative in planning for units that can accommodate larger households. Developers are expected to take an integrated approach to their placement of affordable units within the Project. Affordable units should be dispersed throughout the Project.

4.2.2 It is DHCD’s intent to facilitate long term affordability. Examples of homeownership models that support long term affordability include, but are not limited to the following: single family dwellings conveyed with restrictive covenants, housing cooperatives, land trusts, shared equity models and affordable condominium projects. The homeownership type of each unit should be included in the Property Identification Spreadsheet-Exhibit F, Form #1 included in the Developer’s Kit.

4.3 Pricing Proposal Requirement

- Offers should propose a total Development Site offer price (the “Offer Price”) with the greatest economic benefit to the District. Developers should provide documentation for funding commitments, and their Offers should evidence a significant amount of “at risk” capital during the pre-development and development process. PADD is seeking Offers that require the least amount of subsidy (either through the District agreeing to receive less than fair market value for a Development Site or through other District or federal public financing tools) to fill anticipated financing and/or investment gaps in the Project’s capital structure. Please note, in accordance with the Property Disposition Agreement (“PDA”), the developer is required to provide the District with an initial deposit of at least ten percent (10%) of the purchase price at the time of a fully executed PDA, and a Performance Letter of Credit (as defined in Section 4.5 herein) at closing on the Development Site.

- The Developer’s Kit must evidence the developer’s ability to pay the Offer Price as calculated through the land residual model (homeownership projects) or in the rental operating proforma (rental projects) (See Exhibit F, Form #6 or #5 to use as a guide). This is based on the initial sales prices and the total development costs or the rents over the period of holding, expenses, and assumed capitalization rate.

- Each offer shall contain a statement of proposed financing, which should include development cost budget, amount and sources of debt and equity financing. If the developer chooses to do a rental project, the developer
shall submit a projected income and expense analysis for the proposed development for a period of at least 30 years subsequent to initial completion (Exhibit F, Form #5). Developers may use the sources and uses table as shown in Developers Kit at Exhibit F, Form #4. The developer should include documentation of all financing and/or investment commitments, terms and covenants, as well as the availability of said funds. A developer shall not include funds from the District operating or capital budget (unless appropriated for such purpose on a multi-year basis) or unidentified Federal funding in its funding plan. Please provide a development budget including hard and soft costs, projected sales and any sales costs.

4.4 **Community Benefits and Certified Business Enterprises**

The District is committed to maximizing community benefits for its residents. In view of this commitment, Offerors must present:

- Their overall concept and vision for the Site and how the vision will integrate with and enhance the surrounding neighborhood;

- An approach that ensures the meaningful involvement in the development process by stakeholders and members of the local community who might be affected by the Offeror’s proposed development; and

- A commitment and plan for maximizing Certified Business Enterprises (“CBEs”) participation in the project. Preference will be given to proposals that exceed the District’s CBE participating goals.

- A detailed description of the post-award approach and strategies to working with the community and with stakeholders to ensure their meaningful involvement in the development process.

4.5 **First Source Hiring**

Pursuant to Mayor’s Order 83-265, DC Law 5-93, as amended, and DC Law 14-24, Respondents recognize that one of the primary goals of the District of Columbia government is the creation of job opportunities for District of Columbia residents. Accordingly, the Respondent selected by the District to negotiate a disposition agreement shall enter into a First Source Agreement, prior to execution of a disposition agreement, with the Department of Employment
Services ("DOES") that shall, among other things, require the Respondent to: (i) use diligent efforts to hire and use diligent efforts to require its architects, engineers, consultants, contractors, and subcontractors to hire at least fifty one percent (51%) District of Columbia residents for all new jobs created by the development project, all in accordance with such First Source Employment Agreement and (ii) use diligent efforts to ensure that PADD’s goal of at least fifty one percent (51%) of apprentices and trainees employed are residents of the District of Columbia and are registered in apprenticeship programs approved by the DC Apprenticeship Council. Respondents must complete the Form of Acknowledgement attached as Appendix B and submit this form with their proposal. Please refer to the following website to find a copy of the First Source Agreement: http://www.does.dc.gov/does/cwp/view,a,1232,q,537680.asp. Please contact DeCarlo Washington, Contract Compliance Monitor, at DOES at 202.698.5772, decarlo.washington@dc.gov, for more information.

4.6 **Certified Business Entity Requirements**

- 4.6.1 Developers will be required to execute a Utilization and Participation Agreement with the Department of Small and Local Business Development prior to executing the PDA with the District, see sample form attached hereto as Exhibit C.

- 4.6.2 Developers should provide equity and development opportunities for Local and Small Disadvantaged Business Enterprises ("LSDBE") and contracting opportunities for CBEs.

- 4.6.3 Developers should provide detailed plans on how residents living near the Development Site will be trained and offered apprenticeships in connection with the Project.

- 4.6.4 Developers should include copies of any binding letters of intent ("LOI") between the lead developer and an LSDBE equity partner(s), and an LSDBE development partner(s) and/or a CBE contractor(s).

- 4.6.5 Developers who are CBEs shall receive preference in the evaluation process. If the developer or development team is composed of CBE entities, developer shall submit: (1) company name; (2) certification number; (3) status of company; and (4) term of certification for each CBE firm. Proposals should describe the service(s) each team member will provide and the percentage of the total project cost for which each CBE firm is responsible.
• 4.6.6. Preference will be given to developers that include local, neighborhood-based businesses. Evidence of the inclusion of such businesses shall be in the form of written confirmation which shall include the scope and details of the said businesses’ involvement in the Project.

• 4.6.7 Preference will be given to developers which provide business owners with businesses located adjacent to the Development Site with opportunities to participate in the Project.

4.7  Executive Summary

The developer shall provide a summary with a focus on the developer’s vision for the Project. While the summary will not be a formal evaluation factor, it will be used as part of an integrated assessment of the developer’s qualifications. In its summary, the developer shall: (1) address how the Project will benefit the existing residents; (2) articulate the developer’s vision for the Project; (3) discuss how well the Project fits into the surrounding area landscape; and (4) illustrate the value and types of synergies it will create.

4.7.1 Team Members.

The developer shall identify the following key team members of the development team: master developer (firm or joint venture partners), CBEs, master plan architect, engineer, financing team (proposed construction lenders, major investors, and other key consultants, if any, related to the financing plan), and legal counsel. For each team member, developer shall identify:

a. Name, address, telephone number, EIN, and fax number.

b. Identity of each principal, partner, or entity of said team member and said team member’s roles or titles within the entity comprising the developer.

c. Name, address, telephone number, fax number, and e-mail address of the representative authorized to act on behalf of the developer, who will be available to respond to questions or requests for additional information.
Government of the District of Columbia

d. Identification of any affiliation or other relationship between any of the members of the developer and any development company, parent company, or subsidiary.

e. Identification of any personal or professional relationship among or between any members of the developer and any person working for, appointed to a position in, or elected to an office of the District or any entity for which there may be a conflict of interest or the appearance of a conflict. The District, in its sole discretion, reserves the right to determine a conflict of interest or the appearance thereof.

f. A list of the professionals the developer will be employing or retaining for the Project. For each professional firm, developer should include a description of the staff capabilities, the resumes of all professional staff who will be working on the Project, a description of their role on the Project and their past relevant experience.

g. Satisfactory evidence with respect to the developer and its team members that all tax liabilities and other government impositions are current and that there are no ongoing litigations in which the District is a party that relates to any team member of the developer or to any other entity or individual having a controlling interest in the entity (or entities) that comprise the developer (or, if such litigation exists, the name and civil action number of such litigation and a description of the subject matter of such litigation).

h. Summary of the experience of the developer or its team members partnering with community groups, institutions, or the District during the planning and redevelopment of a community and experience of team members in developing affordable and/or federally subsidized housing, including a description of the project, the community partnerships and the actions taken to include the community’s input.

4.7.2 Qualifications and Experience. Developer shall identify:

a. In the developer’s summary of projects in Exhibit F, Form #8, list three (3) to five (5) relevant projects, which developer or its team members have
had primary involvement, which demonstrate success in urban for-sale affordable residential or similar housing projects. Favorable consideration will be given to Solicitations that delineate prior successful experience working with other DHCD programs. For each relevant project, developer shall identify the following:

- Development Team Name
- Project Name
- Location/address of Project
- Status
- Project Scope (new construction, rehab, commercial, residential, mixed use)
- Estimated total development cost at time of award or start of the project, actual total development cost, including all changes and exercised options
- Original start and completion date, current and actual completion date
- Name and telephone number of persons familiar with the project who may offer performance letters of recommendation and respond to inquiries from the District

b. An organization chart and a summary of qualifications of the team’s senior-level staff who will be directing this project, including a description of their roles and relevant experience.

c. The status of the developer’s organization (whether a corporation, a non-profit corporation or charitable institution, a limited partnership, a limited liability company, or other entity) indicating under which laws it is organized and operating, and a brief history of the organization and its principals. Please include a certificate of good standing from the formation jurisdiction and a certificate of good standing showing that it is registered to do business in the District.

d. A copy of any written agreement or document creating any entity responding to this Solicitation. The principals, partners, or joint-venture partners who are part of the developer’s team must be eligible to transact business both within and with the District.

e. A statement regarding any debarments, suspensions, bankruptcy or loan defaults on real estate development projects and/or government contracts of developer or any member of the development team.

f. References for the developer and its team members, including names, addresses, and telephone numbers. References should be prepared to respond
to inquiries regarding the design, financing, and development of prior projects.

g. List of all current projects in the developer’s pipeline and a disclosure of all current or pending DHCD financing or other DHCD related projects.

h. Such other information developer believes will assist the District in evaluating the capabilities of the developer, the design architect, and any other team member who will be participating in the Project. The District may request additional information from the authorized representatives, if deemed necessary, to facilitate the consideration of the developer's submissions.

4.7.3 Implementation Strategy.

Developer shall identify and describe:

a. Any possible difficulties implementing the Project outlined in the Offer and possible solutions for those difficulties.

b. Any required zoning changes and/or approvals, and proposed schedule of obtaining the required approvals.

c. Developer’s plan to guarantee the implementation of the development plan, demonstrating the following:

- Developer’s willingness to assume the risk of pre-development work;
- Developer’s phasing plan, if any, for the redevelopment;
- Developer’s timetable and milestones for the next 24 months, including ability to mobilize and commence development programming immediately upon selection;
- Developer’s time and financial commitment to guarantee to the District that Developer’s milestones will be met;
- Developer’s property rights on parcels within close proximity to the Development site, if any; and
- Developer’s approach and strategies to working with the community to ensure meaningful involvement in the development process and mitigation of any negative impact of the potential development project on the surrounding community. Please see the Development Schedule Worksheet included in the Developer’s Kit (Exhibit F, Form #3).

4.7.4 Financial Capacity and Framework.
Developer shall include the following:

a. A description of the financial capacity of developer and its team members, including, but not limited to, audited financial statements (balance sheets, profit and loss statements, statements of cash flows), letters of credit and lines of credit.

b. A description of the nature and share of each team member’s financial investment in the acquisition and redevelopment of the Development Site.

c. A proposed financial structure between developer and the District. The developer should assume the following:

   ▪ In general, the Offer Price should be assumed to be equal to the fair market or assessed value of the Properties comprising the Development Site, reduced, if necessary, and explained by the amount necessary to make the proposed Project economically feasible.

d. A proposed financing plan for the overall proposed redevelopment, including a listing of all anticipated sources of financing (pre-development, land acquisition, construction and seller financing, if any). Developer should provide sufficient detail for the District to determine the feasibility of the proposed financing plan, including:

   ▪ An estimate of proposed pre-development costs and statement of capacity to carry said costs, how said costs will be paid for and how said costs will be factored into the financing of the Project;
   ▪ Statement of the proposed financial structure, including penalties for lack of performance;
   ▪ Satisfactory evidence of the developer’s ability to secure financing for the Project; and,
   ▪ Specifics as to the sequencing of the development process including the proposed sources and uses of funds (submitted on CD in Excel), including the timing of the funding commitments to the Project.

e. Functional pro forma model(s), such as the guides provided in the Developer’s Kit as Exhibit F, Form #5 or #6, with detailed underlying assumptions (submitted on CD in Excel) which calculates the internal rate of return, return on equity and return on cost. A developer may submit
their own pro forma model, so long as it includes at a minimum the information provided as applicable in Forms #5 and #6.

Detailed development budget, provided in the Developer’s Kit as Exhibit F, Form #4, (submitted on CD in Excel) for the proposed Project plan(s) which includes a summary and cost breakdown of each line item.

f. Submission of a proposed Schedule of Performance in the form attached hereto and included in the Developer’s Kit (Exhibit F, Form #3) which details each step in the development process.

4.7.5 Conflict of Interest

In its response to this Solicitation, developer should represent and warrant the following to the District:

a. The Offer has been developed and provided independently and without consultation, communication or other interaction with any other competitor for the purpose of restricting competition related to this Solicitation or otherwise.

b. No person or entity employed by the District or otherwise involved in preparing this Solicitation on behalf of the District (i) has provided any information to developer which was not also available to all entities responding to this Solicitation, (ii) is affiliated with or employed by developer or has any financial interest in developer, (iii) has provided any assistance to developer in responding to this Solicitation, or (iv) will benefit financially if developer is selected in response to this Solicitation.

c. The developer has not offered or given to any District officer or employee any gratuity or anything of value intended to obtain favorable treatment under this Solicitation or any other solicitation or other contract, and developer has not taken any action to induce any District officer or employee to violate the rules of ethics governing the District and its employees. Developer has not and shall not offer, give or agree to give anything of value either to the District or any of its employees, agents, job shoppers, consultants, managers or other person or firm representing the District, or to a member of the immediate family (i.e., a spouse, child, parent, brother or sister) of any of the foregoing. Any such conduct shall be deemed a violation of this Solicitation. As used herein, "anything of value" shall include but not be limited to any (a) favors, such as meals,
entertainment, transportation (other than that contemplated by this Solicitation, if any, or any other contract with the District), etc., which might tend to obligate a District employee to developer, or (b) gift, gratuity, money, goods, equipment, services, lodging, discounts not available to the general public, offers or promises of employment, loans or the cancellation thereof, preferential treatment or business opportunity. Such term shall not include work or services rendered pursuant to any other valid District contract.

d. The developer shall report to the District directly and without undue delay any information concerning conduct which may involve: (a) corruption, criminal activity, conflict of interest, gross mismanagement or abuse of authority; or (b) any solicitation of money, goods, requests for future employment or benefit of thing of value, by or on behalf of any government employee, officer or public official, any developer employee, officer, agent, subcontractor, or labor official, or other person for any purpose which may be related to the procurement of this Solicitation by developer, or which may affect performance in response to this Solicitation in any way.

4.7.6 Developer’s Kit

A sample of each of the required evaluation spreadsheet is available in Exhibit F. **Note:** This tool kit is included for the sole purpose of serving as a model for putting together your proposal to the solicitation. Please modify the spreadsheets as needed to fit your proposal.

A. Property Identification Spreadsheet – Form #1

*For a Development Site with multiple units, list each unit separately designated as “a”, “b” etc. For example, three units developed on “Development Site #2” would be identified as unit 2A, 2B and 2C. Once a unit is listed under a Development Site identification number, use the same number throughout the proposal.*

This spreadsheet should also be used to identify which units are affordable, designated income levels, projected sales price / initial rents housing type (single family detached, semi-detached, row house or multifamily) as well as the ownership type (rental, homeownership, condo, co-op).

B. Affordability Spreadsheet – Form #2
C. **Development Timeline Spreadsheet – Form #3**

Please identify the projected month and year in which the following will occur:
1. permits obtained,
2. closing on construction financing and marketing to the initial buyer. The timeline should take into account, where applicable, any board of zoning adjustments action required. PADD requires that whenever feasible, affordable units must be constructed prior to constructing market rate units.

D. **Sources and Uses Spreadsheet – Form #4**

This spreadsheet is to be used to list project assumptions, sources and terms of funds available. A project budget is also included to document the uses.

E. **Rental Operating Proforma – Form #5 – Use as a guide**

This form must be used if the developer proposes developing rental units. This form documents the net operating income and the developer’s ability to pay for the Development site.

**Note:** A developer may submit their own pro forma model, so long as it includes at a minimum the information provided as applicable in **Forms #5 and #6**.

F. **Land Residual Spreadsheet – Form #6 – Use as a guide**

This spreadsheet is a summary of the overall project budget and documents the developer’s ability to pay for the Development Site. Under certain limited circumstances, developers may be able to request a change in the initial sales price for the market rate units following the award of a Development Site. In these instances, if the revised Land Residual Spreadsheet shows an increase in the land residual, the District shall be entitled to fifty percent (50%) of the increase in the land residual at the time of sale if the developer receives prior written approval for a revised initial sales price. PADD will exempt any property bought at the fair market value from any sharing of future increased profits or land residual.

After the award of properties, PADD will not approve sales price increases for any affordable units, unless the AMI has been adjusted during the period of the solicitation submission and review.

**Note:** A developer may submit their own pro forma model, so long as it includes at a minimum the information provided as applicable in **Forms #5 and #6**.

G. **PADD Residential Design & Performance Standards – Form #7**
Please identify the level of finish, equipment, appliances, and products to be used in the development.

H. Summary of Projects – Form #8
Provide details of projects currently under construction, including original and estimated start dates, estimated completion date, project scope, and estimated cost.

I. Checklist to satisfy Green Communities Criteria, 2008 – Form #9A (if applicable)
A guide to complete the checklist is attached in the Developer’s Kit. For more information, please go to www.greencommunitiesonline.org.

J. Green Development Plan, 2008 – Form #9B (if applicable)
This form must be used to document the design charrette. For more information, please go to www.greencommunitiesonline.org.

Note: Offerors must provide evidence of compliance with the District of Columbia’s Green Building Act of 2006, as well as any LEED certification requirements for the construction, rehabilitation, or renovation of District public assets, as applicable.

5 Developer Submissions

5.1 Pre-Offer Procedures

• A pre-bid meeting will be held in accordance with the schedule in Section 5.4. For those who intend to respond to this Solicitation, attendance at the pre-bid meeting is strongly encouraged. The purpose of this meeting is to provide a forum for all concerned parties to discuss the Development Sites and to network with PADD and other real estate professionals. In the event that any discussions or questions at the pre-proposal conference require official additions, deletions, or clarifications of this Solicitation, or any other document, PADD, in its sole discretion, will address such revisions in writing and make such revised Solicitation available at PADD’s offices and on the DHCD website.

• Any developer that wants to visit any Properties or Development Sites prior to the date of submission must sign and return the Right of Entry Agreement attached hereto as Exhibit E (the “Right of Entry Agreement”).
**Agreement**). Any site visits to a Property or Development Site must be in accordance with the Right of Entry Agreement and the developer must inform PADD prior to accessing the properties. Developer shall conduct any inspection activities in accordance with the Right of Entry Agreement and shall hold PADD and the District harmless from and against any and all liabilities, actions, claims, suits, losses, judgments and damages caused by entry onto the Properties. Please note that the Right of Entry Agreement terminates at 3 p.m. on October 1, 2013, after which time no developer shall have any right to visit any Property or Development Site in connection with this Solicitation.

5.1.2 Offers shall be submitted as follows:

a. Developers shall respond to each item included in this Section 5 in the order it is presented below and separate each item with tabs marked to indicate the section number. Developers should include site plans, tables, charts, and any other applicable documents, to the extent possible.

b. At a minimum, Offers for each Development Site should address all of the submission requirements listed in Section 5 and stated in this Solicitation. Offers submitted without addressing all such items may be deemed incomplete and therefore, may be rejected and withdrawn from consideration.

c. All Offers shall be typed in 12-point font on 8½” x 11” standard letter-size paper, bound on the long side, with material on one side only and tabs to separate sections.

d. Each Offer shall not exceed 25 pages, not including credit references, LOIs, renderings, excel-based worksheets/models, tables, charts, etc.

e. Offer materials will not be returned.

f. Four (4) printed, bounded copies of each Offer must be submitted along with an electronic copy (a complete PDF File) along with the Developer Kit on compact disc (CD) to PADD at the address below by October 11, 2013 (the “Submission Date”):

Housing Resource Center, Ground Floor
Department of Housing and Community Development
1800 Martin Luther King Avenue, SE, 3rd Floor
No Solicitation shall be accepted after 3:00 p.m. on the Submission Date. There will be no exceptions to this policy.

5.1.3 While the District, through PADD, may enter into negotiations with one or more developers based on offers submitted in response to this Solicitation, this Solicitation does not commit PADD or the District to select any developer or to enter into negotiations with any developers that may respond. The District reserves the right to reject any Offer it deems incomplete or unresponsive to the submission requirements, to amend this Solicitation or to reject all Offers and re-issue a Solicitation at a later date at its sole discretion.

5.1.4 After review of one or more Offers, the District may request submission of additional information from some or all of the developers, within the District’s sole discretion.

5.1.5 Team members may participate in submissions from more than one developer. If a developer wishes to change the composition of the proposed development team at any time in the selection process after it has submitted its offer to the District, the developer must notify the District in writing. The District reserves the right to evaluate the proposed change to the development team and eliminate the developer from further consideration. The District will require similar notification and approval rights of any change to the development team following the award.

5.2 Selection Process and Evaluation Team

- PADD will determine in its sole discretion whether each Offer received in response to this Solicitation is complete according to the guidelines set forth herein (a “Responsive Offer”). Any developer that submits an incomplete and unresponsive Offer will be notified by PADD in writing after the submission deadline. The decision of PADD in this regard is final and will be explained to the developer upon request.
A selection panel selected by PADD will be established to review and evaluate the Responsive Offers and to select one or more of the Responsive Offers.

The selection panel will evaluate each Responsive Offer based on the information requested in this Solicitation. The selection panel may in its sole discretion request that one or more developers modify their Offers, provide additional information or provide a “best and final offer” for the selection panel’s review.

Once the selection panel has selected the winning developer(s), it will inform PADD and the Director of DHCD of its recommendations. Once the Director has approved the decision of the selection panel, PADD will notify the selected developer(s).

Once an Offer has been accepted and the developer has been selected and notified by PADD, the selected developer may not withdraw its Offer. Any selected developer that elects to withdraw an accepted Offer will be precluded from responding to and applying for any DHCD requests for proposals and/or solicitations for a period of one (1) year. Such penalty period shall run one (1) year from the date of withdrawal.

5.3 Proposal submission and Selection Process Timetable

PADD shall select the winning Offer within forty five (45) days of the submission deadline and notify the selected developer by award letter. The selection process will follow the schedule outlined below. All offers must be submitted to PADD by 3:00 p.m. Wednesday, October 11, 2013.

5.4 Pre-offer Conference, Questions and Further Information
Any questions regarding this Solicitation should be submitted in writing via e-mail to Adarsh.Hathi@dc.gov or fax to 202-645-6727. Responses to questions and other clarifications will be emailed to all developers and posted on the DHCD website.

5.5 Award

- Following receipt of notification from the District of the selection, the selected Offeror shall execute another right of entry agreement with the District to allow the selected Offeror to begin due diligence and sites studies.

- The District, through DHCD, and the selected Offeror shall execute a conditional property disposition agreement (“PDA”) which shall incorporate the requirements contained in the Solicitation, the minimum term sheet, and such other terms as may be required by DHCD or may be agreed upon by DHCD and the selected Offeror. The sole condition of the PDA shall be the satisfaction of a public hearing requirement on the award which shall take place within approximately forty five (45) days after the execution of the conditional PDA. After the public hearing is held and the CBE and First Source requirements are met, the conditional PDA shall no longer be conditional and shall be in full force and effect.

- If DHCD and the selected Offeror are unable to execute a conditional PDA within seven (7) business days after Offerors receipt of notification of selection, DHCD, in its sole and absolute discretion, may terminate negotiations and select a different Offeror from among the Offerors who submitted offers to the Solicitation, or reissue this Solicitation or take such other measures as it deems reasonable or appropriate.

- If DHCD terminates negotiations, DHCD shall be entitled to pursue any and all legal and equitable remedies available.

- Upon full execution of the PDA, the developer shall submit to the District an initial deposit of ten percent (10%) of the purchase price. The initial deposit shall secure the developer’s performance under the PDA and will be held by the District and applied to the purchase price at closing on the Development Site. At the time of closing, the developer shall provide the District with a Performance Letter of Credit (as defined below).

The Performance Letter of Credit is an amount of money equal to the lesser of either: (i) 5% of the cost of the improvements, or (ii) $250,000, in
the form of any of the following: a letter of credit from a reputable bank, a payment and performance bond from a reputable surety company, or a cash reserve to be held in escrow by a title company chosen by the District, to secure the developer’s performance of its obligations under the Construction Covenant in the form attached to the PDA. The District shall also require that an affiliate of the developer, approved by the District, execute a Development and Completion Guaranty in the form attached to the PDA guaranteeing the completion of the Project in accordance with the Construction Covenant.

- A developer shall be expected to close on a Development Site no later than forty-five (45) days after the satisfaction of the public hearing condition pursuant to the PDA. Closing for the Property shall occur only after all the zoning approvals and building permits have been obtained.

- The developer shall be expected to complete construction within 24 months of closing on the acquisition of the Property or Development Site, unless special circumstances such as the Board of Zoning Adjustment (“BZA”) requirements dictate a longer period.

6 Reservation of Rights and Miscellaneous Provisions

6.1 District Reservations

The District reserves the right to:

- Cancel or withdraw the Solicitation prior to or after the submission deadline;
- Modify or issue clarifications to the Solicitation prior to the submission deadline;
- Reject any submission it deems incomplete or unresponsive to the submission requirements;
- Consider a submission that is incomplete or unresponsive to the submission requirements;
- Reject all submissions that are submitted under the Solicitation for any reason; and,
- Modify the deadline for submissions or other actions.

The District may exercise one or more of these rights, in its sole discretion, as it may deem necessary, appropriate, or beneficial to the District.
6.2 Notice of Modifications

The District shall post on its website (http://dhcd.dc.gov) notices or information regarding cancellations, withdrawals, modifications to deadlines, and other modifications to this Solicitation. Developers shall have an obligation to check the website for any such notices and information and the District shall have no duty to provide direct notice to developers.

6.3 Changes in Developer Information

If information provided in a submission changes (e.g., change or addition to any of the developer’s team members or new financial information), the developer shall provide updated information in the same format for the appropriate section of the Solicitation and the District may consider the modified submission. Developer may not change the composition of its team at any time without the District’s prior written approval, in its sole discretion, provided; however, that nothing shall prohibit short-listed developer teams from (i) adding new CBE parties to their teams or (ii) increasing the level of CBE equity participation on their teams.

6.4 Ownership and Use of Offers

All Offers shall be the property of the District. The District may use any and all ideas in any Offer, whether the Offer is selected or rejected.

6.5 Restricted Communications

Upon release of this Solicitation and until selection of a developer, developers shall not communicate with PADD staff about the Solicitation or issues related to the Solicitation except as authorized in this Solicitation.

6.6 Non-Binding

The selection by the District of a developer indicates only an intent by the District to negotiate with the developer and the selection does not (i) constitute a commitment by the District to execute any agreement with the developer or (ii) confer onto developer any property right, interest or expectancy.

6.7 Confidentiality

6.7.1 Offers and all other information submitted in response to this Solicitation are subject to the District’s Freedom of Information Act (“FOIA”) under D.C. Code § 2-
531 et seq., (2008 Supp.), which generally mandates the disclosure of documents in the possession of the District upon the request of any person, unless the content of the document falls within a specific exemption category. Section 2-534 of the D.C. Code states that information may be exempt from disclosure, if it is “trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would result in substantial harm to the competitive position of the person from whom the information was obtained.”

6.7.2 If a developer provides information that it believes is exempt from mandatory disclosure under FOIA, the developer shall include the following legend on the title page of the submission:

```
THIS PROPOSAL CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT (“FOIA”).
```

In addition, on each page that contains information that the developer believes is exempt from mandatory disclosure under FOIA, the developer shall include the following separate legend:

```
THIS PAGE CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT (“FOIA”).
```

On each such page, the developer shall also specify the exempt information and shall state the exemption category within which it believes the information falls.

PADD has the right to independently determine whether the information designated by the developer is exempt from mandatory disclosure, and shall comply with all applicable FOIA laws and court orders regarding the disclosure of any information that is determined not to be exempt. Moreover, exempt information may be disclosed by PADD, at its discretion, unless otherwise prohibited by law, and the District shall have no liability related to such disclosure.

6.8 Non-Liability

By participating in the Solicitation process, the developer agrees to hold the District, its officers, employees, agents, representatives, and consultants harmless from all claims, liabilities, and costs related to all aspects of this Solicitation, including but not limited to any costs of rezoning, site studies, appraisals, or surveys.
6.9 Other Limiting Conditions

- The Project is expected to “stand alone,” thus, the developer is prohibited from cross collateralizing and cross defaulting the project with any other assets. Moreover, the developer is prohibited from assigning, pledging, hypothecating or otherwise transferring its interest in the ownership of the Project in part, or in its entirety, without prior written District approval. Any additional debt shall require prior written District approval.

- Under no circumstances shall the District be liable for any real estate brokerage commissions, finder’s fees or other forms of compensation related in any way to activities undertaken by any person as a result of this Solicitation.

- The District has the right to begin negotiations with the next preferred developer in the event that a PDA cannot be executed within the allotted period of negotiations with a prior selected developer. The District may terminate such negotiations if the developer introduces comments or changes to a PDA that are inconsistent with previously submitted offer materials.

- The District fully expects and requires that the selected developer will not alter the proposed Project, including its proposed construction schedule and process. However, should certain deteriorating market conditions warrant a Project alteration, the District, in its sole discretion, may authorize such an alteration. As a general matter, the District will consider such alterations, if it believes such market conditions would impact all other developers that submitted offers in response to this Solicitation.

- The District reserves the right to memorialize modifications to any proposal in a written agreement between the District and developer where such modifications arise in the course of best and final negotiations between the parties.
Developers are hereby advised that the District is subject to various laws, rules, policies and agreements that impose ethical constraints upon, among other situations: (i) current District employees and consultants with respect to developers (and members of their teams) on projects where such employee/consultant had “personal and substantial” participation or official responsibilities and (ii) current and former District employees and consultants with respect to post-employment restrictions.

Members of developers (whether corporate or individual) are prohibited from conducting any negotiations for employment or consulting agreements (or other forms of financial benefits) with any current District employees/consultants who are “personally and substantially” participating on this Project or from hiring any such employees/consultants, during the conduct of this competition.

Members of developers (whether corporate or individual) must disclose in their initial offers the names of employees (or consultants retained for this project) who, within the immediate past three years, were District employees/consultants. On a going forward basis, members of developers will be required to provide the District with notice of updates within five (5) days of any new hires/retained consultants.

Failure to comply with either of these obligations may result, in the District’s sole discretion, in the disqualification by developer from the solicitation or rescission of a selection or agreement with the District.

Developers must immediately disclose the existence of any employment discussions or consulting agreements with or hiring of current District employees that occur contrary to the prohibition in section 5.9.7. Notwithstanding such disclosure, the District reserves the right to disqualify or rescind award to a company whose member(s) section 5.9.7.
Exhibit A

PROPERTY DISPOSITION AGREEMENT
Exhibit B

PROPERTY ACQUISITION AND DISPOSITION DIVISION
RESIDENTIAL DESIGN & PERFORMANCE STANDARDS

I. Introduction

The Property Acquisition and Disposition Division (“PADD”) has developed design standards for new and renovation construction to ensure that all projects conform to current applicable regulations, and to promote good design quality within budget. For each project, the goal is to achieve the highest quality product within the cost constraints of the project.

Major goals of these design and generic specifications are to guide and encourage the creation of design standards that:

- Are compatible with and complementary to the surrounding neighborhood.
- Result in high quality, cost effective construction.
- Result in low maintenance costs and energy efficiency for homeowners and renters.
- Use interior and exterior space to enhance the quality of life of the residents and neighbors.

II. Procedures

For vacant and improved lots, developer shall provide a copy of the permitted set of plans for PADD review. Specifications for all equipment/appliances/products shall also be provided for review if not contained in the permit set of plans. Prior to settlement, a copy of the approved permitted set of plans shall be provided to PADD.

III. Guidelines

Developers are responsible for and must be in compliance with all applicable regulatory requirements. PADD will not review projects for compliance with other regulations.

IV. Building Permits and Codes

It is the responsibility of the developer to be aware of and satisfy all local codes, regulations, ordinances, and to obtain all required authorizations, waivers, permits, etc., necessary to begin
construction. Developer shall be responsible for applying for and obtaining any building permit(s) necessary for the project development, including any use and occupancy permit(s) when applicable. Developer shall furnish PADD with verification or approval from all agencies having jurisdiction and authority over the project.

V. Public Utilities

For gas, water/sewer, and electrical services, the developer shall contact the various utility companies and departments to determine where service entrances to the property and building can be best made if additional service is required.

VI. General Energy Requirements

All new buildings should be designed to meet the National Energy Five Star efficiency performance standard of 86, exceeding ASHRAE 90.1 by thirty (30%) percent or local energy codes, whichever is more stringent. Procedures used for this Five Star rating shall comply with National Home Energy Rating Systems guidelines. For additional information and a list of manufacturers who meet Energy Star requirements see contact information below.

- Energy Star Hotline: 1-888-STAR-YES (782-7937)
- Email: info@energystat.gov
- Energy Star Site Map: www.epa.gov/nrgystar/sitemap.html

VII. Neighborhood Compatibility

PADD will review all house designs and site plans for compatibility with the existing neighborhood. Prime areas of review will be the site of the building, building proportions, parking layouts, exterior detail and landscaping.

VIII. Construction Site Security

Developer shall be responsible for all construction site security. Developer shall maintain adequate site security for the properties, at all times, during the development stage through final completion of construction and the sale of the properties.

IX. Public Sidewalks

Developer shall maintain, repair and/or replace public sidewalks adjacent to the properties, during the development stage through final completion of construction and the sale of the properties.
X. Performance Standards

Green Building Standards: The District of Columbia is committed to sustainable development practices that maximize energy efficiency and provide healthy living environments. This is particularly true for residents of affordable housing developments who will benefit from lower monthly utility bills and improved health. An integrated design process incorporates sustainability up-front, uses a holistic and total-systems approach to the development process, and promotes good health and livability through the building’s life cycle. The performance standards include certain mandatory “green design and construction” practices, including the use of the Green Communities Standards, 2008.

Quality Control: All inspections, test and other quality control measures required by the local jurisdiction or the contract documents shall be the responsibility of the developer. Developer shall provide PADD with copies of any test and/or inspection results.

Warranties: Upon any sale of the properties, developer shall provide the new owner copies of all warranties for materials and equipment. Developer shall warrant work for three (3) years from the date of sale of the properties. For new homes it is recommended that the developer provide a homeowner’s warranty. The developer shall provide this information in a Homeowner’s Warranty and Maintenance Book that includes the names, addresses, phone number and contact people for all sub-contractors whose work is being warranted.

Insulation: The insulation standard applies to all new construction and in the cases of rehabilitation, those areas where the space was exposed during rehabilitation. Basement insulation shall have an R-19 rating; roof and attic insulation shall have an R-30 rating; and exterior wall insulation shall have an R-21 rating.

Developer shall also provide insulation for exposed cold water pipes and water heater systems.

Roofing: Developer shall provide a twenty (20) year warranty for asphalt shingle roofs and at least a ten (10) year manufacturer’s warranty for a built-up asphalt roof.

Exterior Doors: Wood doors must comply with AWI’s Architectural Woodwork Quality Standards Illustrated. All glass-in doors shall be insulated.

Windows: Wood windows must be double-glazed with U-factor of .52 or lower with maximum solar heat gain of .60 or lower. Vinyl windows must be insulated and double-glazed. U-factors and solar heat gain same as wood windows.

Indoor Air Quality: Selected developers shall comply with the following requirements:
Use of low/no voc paints, adhesives and sealants; all adhesives must comply with Rule 1186 of the South Coast Air Quality Management District and sealants must comply with Regulation 8, Rule 51, of the Bay Area Air Quality Management District.

- Installation of Green Label Certified Floor Coverings.
- Ventilation system must provide a minimum of 15 cubic feet per minute of fresh air per occupant.
- Installation of carbon monoxide detectors.
- Installation of Energy Star-labeled bathroom exhaust fans, with access to an exterior exhaust system and equipped with a humidity sensor or timer, or have continuous operation.
- Installation of Energy Star-labeled kitchen power vented exhaust fans or range hoods with access to an exterior exhaust system.
- Installation of clothes dryer exhaust with direct exterior exhaust system.
- Developer shall use lead-safe work practices during any renovation, remodeling, painting and demolition for all properties built prior to 1978.

Standards can be found at [www.greenseal.org/standards/paints.htm](http://www.greenseal.org/standards/paints.htm)

**Appliances:** Developer shall equip all units with Energy Star rated appliances, with a design score of at least 86. Developer shall equip each affordable dwelling unit with the following new appliances: a range (gas or electric); frost-free refrigerator/freezer; range hood (vented or non-vented); and garbage disposal. Optional equipment: dishwasher, washer/dryer, and trash compactor.

**Sump Pumps:** Recommended. If not provided, developer shall provide a detailed explanation outlining why sump pumps are not included.

**Water Heaters:** Developers shall use tankless hot water heaters or install conventional water heaters in rooms with drains or catch pans piped to the exterior of the dwelling and with non-water sensitive floor coverings. Developer shall use a gas or electric fired 40-gallon “energy saver” water heater with a minimum 5 year warranty and energy factor of .92 or better.
Plumbing Fixtures: Install water-conversation fixtures with the following specifications for all new and replacement plumbing fixtures:

- Toilets: 1.6 GPF (gallons per flush or better)
- Showerheads: 2.0 GPM (gallons per minute) or better
- Kitchen Faucets: 2.0 GPM or better
- Bathroom Faucets: 2.0 GPM or better

Use of Low Impact Development methods such as rain gardens, rain barrels, pervious paving, and green roofs, etc

Furnaces: Minimum 90 AFUE or greater, central air minimum efficiency level of 12 SEER.

Electrical: Provide minimum 100 amps, single-phase 110/220 volt, 3-wire electrical service with 100amp, 20-breaker panel.

Smoke Detectors: As per code with battery back up.

Lighting: Install Energy-Star labeled lighting fixtures or Energy Start Advanced Lighting Package in all interior units, and use Energy Start or high efficiency commercial grade fixtures in all commercial areas and outdoors. Developer shall also install daylight sensors or timers on all outdoor lighting (where applicable) and individual or sub-metered electrical meters (where applicable).

Water Drainage: Developer shall provide drainage of water to the lowest level of concrete away from windows, walls and foundations. Foundation walls should be carefully waterproofed on the exterior to avoid moisture migration.

Waste: Recycle construction debris & demolition materials, where appropriate.

Integrated Pest Management: Developer shall seal all wall, floor and joint penetrations to prevent pest entry. Provide rodent and corrosion proof screens (e.g. cooper or stainless steel mesh) for large openings.

Materials: >25% of materials shall consist of renewable or recycled content. For more information about high-performance sustainable design & construction practices contact the District’s Office of Planning at (202) 442-7600.

Additional information on sustainable residential development can be found at [www.greencommunitiesonline.org](http://www.greencommunitiesonline.org).
