

### Instructions for the 2015 Enterprise Green Communities Criteria Intended Methods Checklist

Residential projects must be certified by Enterprise Community Partners using the 2015 Enterprise Green Communities Criteria (GCC).

Complete the 2015 Enterprise Green Communities Criteria Intended Methods Checklist with the appropriate minimum score. To access the scorecard visit:

<http://www.enterprisecommunity.com/servlet/servlet.FileDownload?file=00P1400000jTtCxEAK>

Appropriate minimum scores are defined below:

- *New construction* = All mandatory criteria and a **minimum** of 35 points on optional criteria.
- *Substantial and Moderate Rehabilitation* = All mandatory criteria and a **minimum** of 30 points on optional criteria.

A PDF of the completed intended methods checklist printed and signed by the project team.

<p><b>Green Development Agreement:</b></p>	<p>The following signatures provide a written commitment demonstrating that all parties involved in the execution and delivery of this project agree to be accountable to measures and strategies as outlined in application documents. Offerors agree to fulfill the requirements set forth in the Green Building Act of 2006. Failure to fulfil these requirements will result in the following penalties:</p> <p>(A) Prohibiting the offeror from receiving additional District or District instrumentality financing for a period of up to 5 years;</p> <p>(B) Assessing a fine as set forth in <b>§ 6-1451.05(F)</b>; or</p> <p>(C) Imposing an alternative penalty commensurate with the seriousness of the offeror’s failure to fulfill requirements of this chapter.</p>

**INSTRUCTIONS:**

This signature portion is most easily satisfied by either: a) printing the Enterprise GCC 2015 Intended Methods Checklist and having the various team members fill out and sign their portion or b) using digital signatures. Both forms of submission will be accepted. **To proceed with this application, signatures must be provided by the project manager, architect, and general contractor.**
